

We are intending to run the Twinn/Twin Family Gathering event again on October 30th/31st this year.

The venue on the outskirts of Cambridge and the format of the weekend seemed to work well last time, so we intend to repeat the formula - albeit using updated technology, such as the use of SKYPE and photograph scanning, where this can be employed successfully.

We would also hope to have an informal group meal again on the Saturday evening, as this was very popular.

Over the last 5 years, the family tree has developed steadily as new information has trickled in, but the biggest surge in growth was during that weekend in 2005, when over 100 of us got together to pool our resources and our knowledge to our mutual advantage. For those who cannot attend this time we are still very happy to receive new information and to share the information we already have with family members worldwide.

While we can firm up on the event details nearer to the event, it would be very helpful if you could [indicate if you might be interested in attending a Twinn/Twin Family Gathering](#) on either or both of these days. This does not commit you to anything.

As per last time, there will be no charge for the event as such - just a box for contributions, if you have enjoyed your visit or found it useful.

We look forward to hearing from you in the weeks ahead, as this will give us some idea of the numbers we could expect in October.

Stephen Twinn
